Orchesis Dance Co.

FLORIDA TRIP!

Over spring break, Orchesis flew to Florida to perform at Disney world and Universal Studios Orlando. During the week long trip, the members explored Disney's Animal Kingdom, experienced different cultures at Epcot, fulfilled their magical dreams at Hogwarts, and most importantly, had a successful performance for an audience across the country!

Footage from the performance can be found on the Orchesis Dance Company Youtube page.

GAME OF SURVIVAL

After returning from break, Orchesis immediately jumped into show season with daily 3-10 rehearsals and Saturday run throughs in preparation for the spring show, "Game of Survival". The company had five successful shows, in which each production prompted positive reviews from the students, teachers, and family members in the audience, many of which returned to watch the show again and again. The voting element and the captivating story that accompanied the dances made this a very unique and successful production. Thank you to the parents for all the help and support.

CLOSING NIGHT GALA

To conclude show season, Orchesis ended closing night with a gala, organized Lesley Ma, celebrating with friends, family, and the rest of the crew! The night was filled with delicious food, making it the perfect way to end our production season.

APRIL MEMBER OF THE MONTH

Congratulations to Elaine for earning member of the month! ☐ She started dancing at age 7 and especially loves contemporary. Dancing is so special to Elaine because it allows her to share a story with the audience through her emotions, and she enjoys being able to dance with the people she loves. In her free time she eats with friends and watches Netflix. Great job Elaine and keep up the hard work! ☐

UPCOMING EVENTS

BANQUET
